WONDERFUL PROOF! DR. BLACKWELL'S Compound Sirup of Sarsaparilla and Iris

Versicola.

In this age of humbuggery, it behooves every one to guard with a suspicious eye the interests of incividuals and cliques. And even then the deazing splenger of contward show insinuates itselfing the layor of many, and they become witing dupes to usholy ends. Thus is sween the second control of the control of the actual kappings, absorbing too much of the actuation of rational and intelligent heings, even to the dethroning of heir supreme intelligence. All feeling an interest in their there extension of that which is useful, we would recommend to their serious consideration Dr. Blackwett's Compound Sirup of Saraparille and bris Versicote, and request the same investigation, by way of this, that has been extended to other objects of less importance. He asserts its auperiority to any similar compound ever yet introduced, and defies the public to produce its equation that core of the following diseases: Scrotula, or Kragl's Evil, Dispepsia, Jaundice, Pemaio Diseases, Erupions of the Skir, Swelled Glands, and all diseases arising from snimpure state of the blood. WOLFE'S Celebrated Aromatic Schledam Schaapps, a medicinal diet drink of eminently salutary qualities, manufactured by the proprietor at his factory at Schledam, in Holland.

It is made from the best bariey that can be selected in Europe, and the essence of an aromatic Italian berry, of acknowledged and extraordinary medicinal properties, and it has long sluce acquired a higher reputation, both in Europe and America, than by any other dietatic hev-

in Europe and America, than by any other dietatic bevorage.

1u Gravel, Gout, and Rheumatism; in Obstructions of the Biadder, and Kidneys, and Debility of the Urinary Functions, its effects are prompt, decided, and invariably reliable. And it is not only a remedy for these maladies, but, in all cases in which they are produced by drinking had water, which is almost universally the cause of them, it operates as a sure preventive.

The distressing effect upon the Stomach, Bowels, and Biadder of travelers, new residents, and all persons unaccustomed to them, produced by the waters of nearly all our great inland rivers, like the Oblo, Mississippl, and Aishama, from the lirge quantity of decayed yee. is well known; as is also that of the waters of limestor egions, in producing Gravel, Calcull, and Stone in the Sladder. The Aromatic Schiedam Schnapps is an abso-ute corrective of all these injurious properties of bad vater, and consequently prevents the diseases which

Bladder. The Aromatic Schiedam Schnapps is an absolute corrective of all these injuitious properties of bad water, and consequently prevents the diseases which they occasion. It is also found to be a cure and preventive of Fever and Ague, a compaint caused by the conjoint efforts of vegetable maisria in the atmosphere and vegetable put rescences in the waters of those districts in which it principally prevails. The Aromatic Schledam Schnapps is consequently in great demand by persons traveling or about to settle in those parts of the country especially, as well as hy many in every community where it has become known, on account of its various other remedial properties.

In all cases of a Dropsical tendency, it is generally the only remedy required, when adopted in the early stages of the disease. In Dyseptic maladies, when taken in proper quantities, as a diet drink, and especially at dinner, it is found, by uniform experience, to be eminently efficacious in the most obstinate cases, when even the best of the usual remedies have failed to afford more than mere temporary relief. In cases of Flatulency, it is an immediate and invariable especific; and it may be administered in diluted and proportionate quantities, aven to young infants, in all these parcxysms of griping pain in the stomach and bowels, to which they are especially subject, as well as in the colle of grown persous. It is judicious adoption in conuection with the principal means of the collection of th The Aromatic Schiedam Schispps to be depicting bottles, neatly covered and isheled, accompanie by an essay upon its properties and uses.
Sold at the Depot, 399 West streel, and hy the principal drugglets in this city and the United States.

Denning it unnecessary to remind any regular member of the medical profession of the established medicinal properties of pure Holland Gin, in many disease of a dropsical lendency, I respectfully Invite your examination of a very superior article. manufactured hy myself, at Schiedam, in Holland, and put up in quantities expressly adapted to medicinal use. Il is emmently distinguished from every other Gin in the market, by the superiority of its rectification, and the higher properties of the Italian Juniper berry with which it is flavored. Amid the influx of inferior distillations with which the market is now flooded, physicians find no little difficulty in procuring a good and pure Gin, which they can prescribe with confidence in its beachical effects. As an importer of twenty years' standing in this city, and possessing a matured experience in the manufacture of Holland Gin especially, i beg to submit to your attention my "Aromatic Scheidam Schnappe," as one which cannot fail to realize your utmost expectations, and I shall be happy to forward you a bottle of it, free of charge, in answer to a letter indimating your readiness to acceptit. It is now esarcely six months since I have prepared and distributed my Schiedam Gin exclusively for medical purposes; yet, withis that brief period, I have received numerous letters both from physicians and patients, testifying to its really extraordinary efficacy in Physiciane throughout the United States islived numerous letters both from paymery efficacy in isnts, testifying to its really extraordinary efficacy in Gravei, inclipient Droppy, and affections of the Kidneys and Bladder generally; and I have no doubtthallt would yield similar results, with precision and Certainty, in the professional comparison and certainty. onalexperience.

IMPORTANT CAUTION TO THE DEAF.

DR. HARTLEY, Proprietor of the Ear Infirmary In America devoted exclusively and ancessfully to the treatment of BAR DISBASES, and the only acknowledged Aurist in the United States, generously offers to attend all persons suffaring from deafness, WITHOUT CHARGE UNTIL CURED, thereby proving his success nnequaled and protecting the afflicted from being awindlad by paying self-styled Anriats exorbitant fees in advance, and the infliction of yet more serious evils by permitting the application of dangerous remedicaby me years in use in the Eastern Cities, and wherever it inexperienced and unskillful hands. Doctor Hartley has been known it has always received from the telegraphing public the higheat praise for faithfulness in the transmission of messages; and in its farther extensions, will andeavor to preserve the same character, and carry out the principles of its motto—

"PROMPTNESS, ACCURACY, and FIDBLITY,"
